How to Access Your Benefits?

People Team - 2024-08-27 - Comments (0) - People Team

Once you have elected benefits, they are approved and sent over to the carriers, access the attached and hyperlinked PDF ([How to Access Your Benefits](#)) to walk you through how to access other benefits.

This document reviews Medical, Dental, Vision, FSA, EAP, etc.

This document answers these questions:

1. Where do I go to register?
2. Will I receive cards?
3. If my plan is eligible for cards, how can I request replacement cards?
4. What app can I use?
5. How can I contact the carriers?
6. What are some of the additional services offered?

Be sure to check out the IOTA [Benefits Website](#) for a more comprehensive review.
